

IC Convention Volunteer Attire

These aprons will be worn by all Indiana volunteers during IC Convention in July. You'll need to have one whenever you are working a volunteer shift so others know that they can come to you for assistance. You have the option to buy your own — you will not need to return it to the office between shifts and is yours to keep. Or you may borrow one of the aprons from the office — those need to be returned to the office whenever you are not volunteering so there are plenty for the next volunteers to borrow. If you choose to purchase one, please complete the below information and return with payment to Jennifer Skinner. Your apron will be available for pick-up at the convention office upon arrival. Please contact Jennifer Skinner with any questions.
